Chris and Brenda - Mid-January may be problematic. It is Carl and Enrique's desire to have this information shared before the management meeting on January 17 to be able resolve Region 9's concerns with the proposed listing.

Brenda,

Mid-January is OK with me.

Can you please send me a copy of the QA letter and the latest revision of the HRS (without appendices).

Thanks

Importance: High

Mid January- we received a QA letter on the first draft and we are in the processes of revising the HRS based on those comments. The comments are extensive- and we are working with EPA HQ's on resolving some conceptual issues. If we are okay I will send Sharon Murray a note to that affect

Chris – is this okay?

That's fine with me. I told Chip you two were discussing it but I guess it got passed to him for some reason.

Chip and I are coming up with an action item list. Please let me know what date you want me to add for tentatively providing the draft to R9.

Thanks

Kevin

I agree- Pam told me to hold off- when we met with her. The HRS is still draft and I wanted to respond to the latest set of comments before we shared. Is it okay for me to send an response to Sharon Murray the NPL Coordinator?

Hi Brenda and Chris –

Region 9 is requesting an update on whether we will share the HRS package with them. Their coordinator is indicating the issue is in our court. I think we need to give them a response as to yes/no and an estimated date. This is one of the action items agreed upon by Carl and Enrique.

Thanks,

Kevin
